I've noticed my '00 XLT (214K) and '01 ST (184K) do the same thing (and It's not due to air in the system). While it may not be the Ford's recommended flushing method, I used a piece of clear plastic tubing to siphon out the power steering reservoir and refilled it ...

The Mazda Tribute has all the performance you'd expect from the company that gave you the Mazda Miata sports car. It sticks to the road in a confidence inspiring manner. Crisp steering helps you master every curve. And with 200 available horsepower you can flatten hills and reach those open spots in traffic when you see them. Imagine an SUV

Hi All, Was at the dealer and they wanted to do a power steering flush to my 2003 4.0L XLT AWD as a maintenance. They wanted 159.00, I thought this was a lot. A friend told me you flush the PS system by pulling off the return hose and put it in a bucket and start the car and turn the wheels until the fluid just starts to spit.

For warranty purposes it is recommended to always install a filter and to use suggested OE fluid and flush the system. With seal kit.
