Did ADT buy Sunpro solar?

The article below discussing ADT's initial acquisition of Sunpro Solar remains as it was when it was written in November 2021. On November 9th, 2021, ADT announced its intention to acquire Sunpro Solar for approximately \$825 million in cash and ADT stock.

What is ADT Solar™?

ADT Solar™ is a new offering from ADT that provides customers with rooftop solar and energy storage solutions across 22 states. ADT's acquisition of Sunpro Solar represents their entrance into the high-growth residential solar market. This creates tremendous customer value by combining leading smart home security and sustainable home energy and management solutions from a single, trusted provider.

Will ADT solar become a leading residential solar installer?

ADT Solar will immediately become a leading national residential solar installer. Superior customer acquisition and cross-selling: ADT's trusted brand, national footprint and reach into 6 million homes should enable strong, efficient solar customer lead generation and low-cost acquisition relative to competitors.

Who is the new CEO of ADT solar?

I want to thank the dedicated teams at Sunpro and ADT for their incredible efforts in helping us reach this exciting milestone." As previously announced, Sunpro Solar founder Marc Jones and the Sunpro management team will now lead ADT Solar, with Jones serving as ADT Executive Vice President, Solar.

Why is ADT rebranded as Sunpro?

With the addition of Sunpro, ADT is now well-positioned to reap the benefits of the growing need for energy management and the rising importance of sustainable solar energy. Sunpro is now rebranded as ADT Solar, with a focus on the rooftop solar business.
