Since its inception 15 years ago, Advance Illinois has provided stakeholders with unbiased data on our state education system and helped people from all parts of the system and state engage in the policy-making and legislative process. As a college student in 1993, I got fired up after reading "There are No Children Here" by Alex Kotlowitz.

To ensure reliability of the power system, adequate generation resources shall exist each moment to meet electricity demand. Given the uncertainties relevant to the power system such as load forecast, intermittency nature of the renewable energy resources and the availability of the existing assets, short-term analysis is essential to ensure that existing assets are both ...
