SunPower and other similar leases are offered by a number of local solar companies in Amarillo and my pick of these are: SunPower believes clean energy and solar storage should be accessible to everybody.

What solar incentives are available in Amarillo?

The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage. Some states and utility companies offer additional solar incentives, saving homeowners even more money. Here are the solar incentives available in Amarillo:

Who is a solar installer company?

We are a solar installer company that installs and pulls the permits on our own. We have 174 in-house employees in Texas, Virginia, Maryland, West Virginia, Pennsylvania, and Georgia. We are an electrical license contractor in all of the states we are working in.

Does a solar installation company offer a warranty?

Any reputable solar installation company will offer a workmanship or labor warranty that covers any damages that may occur during the installation process. We recommend using an installer with at least a ten-year labor warranty. Some installation companies, like SunPower, include a system performance guarantee.
