

Anixter power systems

What is Anixter's utility power solutions?

Anixter's Utility Power Solutions offers innovative options for energy professionals facing reliability, regulation, security and safety challenges. With over 800 associates skilled at sourcing hard-to-find and specialty items, we can help you meet these challenges and realize labor and supply chain stability and efficiency.

What is Anixter?

Anixter is a leading global supplier of communications and security products, electrical and electronic wire and cable, fasteners and other small components. Anixter helps its customers specify solutions and make informed purchasing decisions around technologies, applications and relevant standards.

Is Anixter a global distributor?

For more than 100,000 customers worldwide, Anixter is more than just a global distributor of 400,000 world-class, quality products. Day in and day out, our customers depend on Anixter's local presence in 50 countries to assist them with their projects that span across the world. At Anixter, when we say we're global, we mean it.

What services does Anixter offer?

Our service products include "buy backs," a guaranteed inventory program, consigned inventories (in-plant store), inventory stock rotation, copper billing programs, consolidated invoicing, credit card ordering and cable audit. Anixter can provide you with real-time information on the supply chain.

How many divisions does Anixter have?

The company operates with three major divisions: Network & Security Solutions, Electrical and Electronic Solutions, and Utility Power Solutions. Aerospace Hardware, once considered the fourth division, was sold by Anixter in 2011 to Greenbriar Equity, which formed Align Aerospace. In 2002 Anixter was named as a Forbes "Platinum 400" company.

What can Anixter do for You?

Anixter can provide you with real-time information on the supply chain. Solutions include Web-based supply chain visibility, eAnixter, electronic ordering and invoicing, business-to-business systems integration and customer performance reporting. Products. Technology. Services. Delivered Globally.

Together, we are creating the premier electrical, communications, and utility distribution and supply chain solutions company in the world. Our broad portfolio, expertise and a customer-first approach can offer you MORE+ for long-term success.
