

Ballard power systems bus

What is Ballard Power Systems?

Ballard Power Systems' (NASDAQ: BLDP; TSX: BLDP) vision is to deliver fuel cell power for a sustainable planet. Ballard zero-emission PEM fuel cells are enabling electrification of mobility, including buses, commercial trucks, trains, marine vessels, and stationary power. To learn more about Ballard, please visit www.ballard.com.

Does Ballard Power offer a fuel cell service?

*fields are required. Ballard Power is the leading global provider of innovative clean energy fuel cell solutions that offer superior performance at a reduced operating cost.

How many fuel cell engines does Ballard Power Systems have?

Ballard Power Systems Inc. logo (CNW Group/Ballard Power Systems Inc.) The order of 200 fuel cell engines, representing a total of approximately 20 MW of power, is the second purchase order under the long-term supply agreement announced in January 2024, and double the first purchase order of 100 engines under this agreement.

How much power does a Ballard module have?

From 30kW to 200kW net power, Ballard's heavy duty modules provide flexible solutions for your motive applications including buses, trucks, trains and ships. Get Ballard stories, interviews, news and more--straight to your inbox.

How long do Ballard buses last?

Buses powered by Ballard have achieved durability records with more than 35,000 hours of revenue service. This is equivalent to operating a bus on a 14-hour daily schedule, 5-days per week for more than eight years with no significant maintenance to the fuel cell stack, a core engine component.

About Ballard Power Systems Ballard Power Systems" (NASDAQ: BLDP; TSX: BLDP) vision is to deliver fuel cell power for a sustainable planet. Ballard zero-emission PEM fuel cells are enabling electrification of mobility, including buses, commercial trucks, trains, marine vessels, and stationary power. To learn more about Ballard, please visit ...

Ballard's FCmove™-HD is the next-generation heavy duty fuel cell power module for use in zero-emission motive applications. The hydrogen fuelled power module offers a durable, compact and easy installation solution for system integrators and vehicle OEMs, backed by Ballard's unmatched fuel cell expertise and experience.

VANCOUVER, CANADA - Ballard Power Systems (NASDAQ: BLDP; TSX: BLDP) today announced that it has received a purchase order for 15 of the Company's 70-kilowatt (kW) FCmove™-HD fuel cell modules

Ballard power systems bus

from Tata Motors ("Tata";), headquartered in Mumbai, India, to power 15 of Tata's zero-emission Fuel Cell Electric Buses (FCEBs).

Ballard Power Systems is a leading global provider of zero-emission hydrogen fuel cell solutions for clean transportation, including bus, truck, rail, and marine applications. Ballard's FCmove(TM) heavy duty fuel cell power modules lead the industry ...

VANCOUVER, CANADA - Ballard Power Systems (NASDAQ:BLDP; TSX:BLDP) ... a UK-based bus manufacturer deploying hydrogen-powered buses in the UK and Europe. Ballard expects delivery of the fuel cell engines to occur in 2024, and the buses to enter into service in 2025. The hydrogen fuel cell engines will power single- and double-decker buses in ...

Authored and sponsored by Ballard Power Systems. Ballard Power Systems has a vision to deliver fuel cell power for a sustainable planet. Using its considerable fuel cell expertise - built up over 45 years - Ballard provides valuable and innovative solutions to global customers and its zero-emission proton-exchange membrane (PEM) fuel cells enable electrification of ...

Real-world fuel cell electric bus applications and their range, durability and availability benefits. Vehicle operation - including uncompromised performance in cold climates. Achieving ...

FCmove ®, the latest platform for heavy duty power modules based on the FCgen ®-LCS stack, is the culmination of more than 8 generations of product development at Ballard. The FCmove ® platform offer a compact, fully integrated, robust fuel cell power solution with low total life cycle cost. It is available with 45kW and 120kW versions. FCmove ® products are ...

Ballard Power Systems (NASDAQ: BLDP) (TSX: BLDP) today announced the signing of a Long Term Supply Agreement ("LTSA") with its customer Solaris Bus & Coach sp. z o.o. ("Solaris"; ...

About Ballard Power Systems. Ballard Power Systems" (NASDAQ: BLDP; TSX: BLDP) vision is to deliver fuel cell power for a sustainable planet. Ballard zero-emission PEM fuel cells are enabling electrification of mobility, including buses, commercial trucks, trains, marine vessels, and stationary power.
