What is included in a solar panel kit?

Each solar panel kit comes with solar panels, grid-tie inverters and mounting hardware and is customized to your energy needs and home's unique specifications. Take our quick questionnaire to create a custom solar panel kit based on your energy needs. Offset your electricity bill and reduce reliance on the grid.

What is a Topsolar solar panel kit?

The Topsolar Solar Panel Kit is a similar option to the previous pick, but it's better suited for tighter budgets, making it easier to gain the initial investment back. This solar panel kit is designed to be durable enough for people looking to power an RV, cabin, boat, or small appliances.

What are the best solar panels?

Consider this expertly curated list of the best solar panels in your switch to solar energy. Renogy's 400-watt kit is a popular choice for homeowners who want to install solar panels on their own. The kit contains four 100-watt panels, charge controllers, electrical wiring, fuses and monitoring--everything you need to get up and running.

Should you buy a Topsolar solar panel kit?

With a 100-watt capacity, the Topsolar Solar Panel Kit isn't your best bet for serving the power needs of a large home. But it's a good choice for powering up RVs, boats, vans and smaller residences, or for experimenting with solar power to see what you do and don't like.

What types of batteries does a solar panel kit support?

This solar panel kit supports 3 types of batteries: lithium batteries, lead-acid batteries, and gel batteries. It's a durable solar panel for harsh outdoor conditions and can withstand high winds (2400Pa) and heavy snow loads (5400Pa). It also comes with an impressive 5-year warranty should anything happen to your solar panel kit.
