

Braintree electric light department energy storage unit internship

Does Braintree have a light Department?

Thank you Beld! Braintree is so very fortunate to have the best municipal light department, BELD. Although the weather was wild and not so distant towns from here experienced severe power failures; Braintree continued to shine bright. Always grateful M. Clark I am blessed to have BELD provide our electric power in Braintree.

What services does Braintree Electric Light offer?

Braintree Electric Light Department offers electricity services, in addition to television services with crystal-clear images and Dolby Digital sound. They provide set-top boxes with digital video recording options and offer pause, rewind, and fast-forward programs and recording systems.

Who uses Beld electric service in Braintree?

BELD supplies electric service to approximately 16,000 residential and business customers in the town of Braintree using cost-of-service rates, which are among the lowest in the state. The utility operates generation, transmission and distribution facilities.
