July 19, 2021/Riley Draper Table of Contents Solar-powered trail cameras make life so much easier. Many trail cameras require multiple AA batteries to give them juice. Although this is a viable option for trail cameras, expectably those that ...

Solar-powered cameras aren't a new thing by any means, but they are growing in popularity as more folks are becoming environmentally conscious and looking to reduce their carbon footprint (and energy bills!). And with ...

We've experienced the hassle of charging a wireless outdoor security camera without a solar panel, and it's not fun--you often need a ladder to reach it. As for energy savings, security cameras don't use much energy to run--about as much as an LED light bulb--so it takes less than \$1 a month to power a single camera.
