

What is the Western Cape Energy Council doing about load shedding?

The Western Cape Energy Council has a new plant to assist municipalities reeling from load shedding. Alan Winde, the premier of the province, said that the Western Cape Government (WCG) is looking to install containerised solar photovoltaic (PV) cells and battery storage across the province.

What are containerised solar photovoltaic cells & battery storage systems?

Containerised solar photovoltaic (PV) cells and battery storage systems combine solar panels and energy storage units within a portable shipping container. The solar panels are placed on the roof of the shipping container, and batteries are stored within it - offering mobility, easy installation and are scalable.
