

A lack of apprenticeship opportunities is seen as one of the main obstacles facing artisan learners in South Africa. The issue is that while students may achieve a suitable qualification at a TVET college, they subsequently discover that they cannot obtain the necessary work experience to enable them to acquire a job. Realising this, the Southern [...]

The stage is set for the much-anticipated Africa Energy Indaba 2024, Africa's premier energy conference and exhibition, taking place this week from 5-7 March. This flagship event promises to convene industry trailblazers, policymakers, thought leaders, and stakeholders from across the globe to discuss, deliberate, and drive Africa's energy agenda forward. Key ...

One investment that PSG have seemingly battled with is Cape Town-based Energy Partners (EP), where the group has a commanding 57.2% stake. That might be changing...for the better. In its website PSG stresses that it was attracted to EP - which reduces the cost of energy in companies - because of its simple and focused business model.

The 16th edition of the Africa Energy Indaba, convened under the theme "African Energy Transitioning from Aspiration to Action - Delivering a Sustainable and Prosperous Future," concluded on a high note, marking a pivotal moment for the future of energy in Africa. Hosted in Cape Town, South Africa, this seminal event drew industry leaders ...

Ener-G-Africa (EGA), a multi-faceted African company tackling the challenges of climate change through research, development and the manufacturing of clean energy products, officially launched its new 15 MW per annum women-led solar panel assembly plant in Cape Town on 2 February 2023 - only the second such facility in Sub-Saharan Africa. The \$1.5 ...
