

Deltran lithium battery charger

Deltran's claim that the 1.25 amp Battery Tender Plus battery charger will charge a battery in the same amount of time as a typical 3 amp charger is based on the fact that the Battery Tender Plus charge current is very nearly constant during the bulk charge period, while a typical 3 amp charger, configured like so many chargers on the market ...

This 12 Volt, 800mA charger is capable of switching between charging AGM, lead-acid, gel cell, flooded, and lithium (LifePO4) batteries. Smarter than a trickle charger, our Junior model won't ...

The use of a Battery Tender® lithium specific charger, like the Battery Tender® Junior 800 (PN 022-0199-DL-WH), is strongly recommended. Standard lead-acid chargers may be used, as long as they do not exceed 14.8 volts during charging. Do not use a desulfation or pulse charger, doing so may damage the battery and void the warranty.
