Admission to the specialized high school involves passing the Specialized High Schools Admissions Test (SHSAT). During the month of March, around 800 to 850 applicants who obtained the highest SHSAT scores out of the approximately 30,000 students in the 8th and 9th grade who apply to Stuyvesant are accepted by the school.

*Students with an average lower than a 90 will not fall into Group 1, even if they are in the top 15% of their NYC Public School. This will be the case for students with an average lower than an 80 for group 2, lower than a 75 for group 3, and lower than 65 for group 4.

For example, Harvard's restrictive early action acceptance rate for the class of 2027 was 7.56%, compared to the overall acceptance rate of 3.41%. As you can see in the tables below, the difference between early and regular admission rates vary by school.

3. Official High School Transcripts. The admissions office requires an official transcript from your high school, detailing your academic achievements. For those applying under Restrictive Early Action, an optional summary or progress report of the first quarter or first-trimester performance can be submitted through the applicant status portal. 4.
