French audio specialist Focal kicks off its venture into the audio lifestyle market with its Bird 2.1 speaker systems. it has announced not one but three Bird speaker systems that promise to offer hi-fidelity sound reproduction in a neat compact package. common to all three system is the Power Bird, an amplifier system with integrated 6.5-inch ...

For 12 bucks definitely worth a shot. Focal makes some pretty amazing speakers and headphones. About four years ago (maybe five now) the Focal Dimension 5.1 soundbar dropped in price from \$1400 to \$400 and so I pulled the trigger. It truly is one of the better soundbars, clear, powerful, musical and with excellent dialogue.

Little Bird 2.1 System: The Focal Little Bird 2.1ch speaker system provides powerful and dynamic sound for your connected TV, satellite/cable box, DVD/Blu-ray player, game-console, computer, and/or digital audio player. It offers both analog and digital audio connections.

Sounds like 1 source rather than several separate sources. Gain adjustment.

PerformanceFocal's Bird Series raises a host of interesting questions, beginning with: Why can't all small speakers sound this good? Yes, the Little Bird system was a tad light in the "body" octave (between, say, 100 and 200 Hz), which gave its bright, airy presentation a very slightly "forward" tilt on voices and strings. But oh boy, what a presentation! The Focal setup's depth ...

For this review we'll sample Focal's entry-level Bird system (\$995), comprising a pair of Little Birds with

Focal power bird 2 1 compact system

stands, a Power Bird, and a wireless iTransmitter dongle for use with Apple devices. To be perfectly frank, some guests who saw the stylish but diminutive system initially felt that the \$995 price seemed a little steep, judging by ...

The recommended amplifier power for the Focal Little Bird Pack 2.1 speaker is 15 - 150W. This means that the speaker system can be effectively driven by an amplifier with a power output ranging from 15 watts to 150 watts. ...
