

Hexing energy storage

What does Hexing do?

2- For 30 years, Hexing has been committed to providing new energy and smart grid solutions to customers around the world. The product field covers power metering and charging products, power distribution products, water metering and water treatment products, inverters, and charging piles. energy storage batteries and other new energy products.

Who is Hexing electrical?

Make Electric Green and Easy / Contact us: marketing@hxgroup.com | Hexing Electrical Co., Ltd. was founded in 1992, focusing on green energy, providing people with a better, more efficient and more economical energy experience. The company was listed on the main board of the Shanghai Stock Exchange in 2016 ?stock code: 603556?.

When will Hexing open its new smart metering factory?

Only 1 Month Left! ? On October 10th, Hexing Group will officially open its new smart metering factory in Timi?oara, Romania! This new facility represents a major milestone in our journey toward innovation and energy transformation. We are proud to continue the legacy of excellence and contribute to the future of energy management in Europe.

How many countries use Hexing products and solutions?

Today, more than 90 countries across the world are utilizing Hexing products and solutions for better tomorrow. Hexing, established in 1992, is a multi-national company offering a variety of electrical equipment and relevant solutions to global power utilities. With

Hexing Brasil | 7.459 seguidores no LinkedIn. Power the world with green energy. | A Hexing é uma companhia multinacional estabelecida em 1992 que oferece uma variedade de equipamentos elétricos e soluções relevantes no mercado global de utilidades para o setor energético.
