Geneverse 1002Wh Portable Power Station, HomePower ONE: 8 Outlets (3X 1000W AC Outlets). Quiet, Indoor-Safe Backup Battery Power Generator For Home Outages + Devices Up To 2000W WAREHOUSE DIRECT. Currently unavailable.

The Geneverse HomePower ONE is a 2000/1000-Watt solar ready, lithium-ion backup battery power station ideal for powering devices under or around a continuous 1000W. With 1002Wh capacity and at 23 lbs, it is an excellent on-the-go power companion for any power outage, outdoor event, or adventure.

The HomePower ONE Backup Battery Power Station has 1002Wh capacity with 1000W power output. It will be more than sufficient to power your home office devices (laptops, desktops, monitors, Wi-Fi router, modem). The HomePower ONE can also power up small to medium size home appliances (refrigerator, microwave, kettles, radiant heater, dishwasher ...

The backup battery power station supplies electricity to other devices and appliances via the standard AC output (120V) and various DC outputs (USB-A and USB-C) when power is needed. Geneverse's SolarPower 2 offers 50% higher solar power conversion efficiency, allowing you to harness and convert the sun's rays in less time.

The HomePower ONE Solar Generator includes the HomePower ONE 1002Wh lithium-ion backup battery power station and SolarPower ONE 100W portable solar panels. The solar panels weigh 9 lbs each, are foldable, and feature built-in carrying handles and adjustable kickstands for quick and easy setup.

Designed from the ground up to work together, the HomePower One and the SolarPower One are as efficient and easy to use as any packable power system that I've tested. The power station comes with a built-in 8mm
