

Honolulu solar energy company

What are the best solar companies in Honolulu?

Because of Hawaii's dependence on imported energy, Honolulu residents are subject to some of the highest power pricing in the country. Homeowners in Honolulu can offset power costs by switching to solar power. Based on our research, the best solar companies in Honolulu are Sunpower, Sunrun, Rising Sun Solar and RevoluSun Hawaii.

Does Hawaii have solar power?

But Hawaii receives ample sunshine, which allows homeowners to generate plenty of free solar power, offsetting the costly grid power and saving money on power bills. Protection from rising power costs: In 2021, the average cost of one kilowatt-hour of energy in Hawaii was 28.7 cents.

How does solar power work in Honolulu?

Homes with a solar and battery storage system can sustain power and keep appliances running through an outage. Environmental impact: More than 80% of Honolulu's power comes from fossil fuels, which cause carbon emissions that harm the planet. But solar panels generate power and cause no emissions.

Is Hawaii a good place to buy solar panels?

Hawaii's solar business is booming, though the state ranks 20th in the nation regarding solar system adoption rates. Hawaii solar companies are everywhere, with over 100 organizations at last count. Forbes Home surveyed more than 2,000 people in 2023 to gauge customer satisfaction levels when it comes to solar panels.

Is solar energy the cornerstone of Hawaii's future energy scene?

We're convinced that solar energy is the cornerstone of Hawaii's future energy scene. Rising Sun Hawaii is proud to champion this movement among Hawaii's solar companies. Solar is a completely emissions-free source of energy. Solar helps to reduce our dependence on fossil fuels, which leads to less price volatility and a more secure energy future.

How much does solar cost in Honolulu?

The average price of solar is about \$2.14 to \$3.2 per watt in Honolulu, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution. Installers must charge fair prices to remain in business and provide you with 25 years of support.
