

How much money given to solar company failed obama

The potential loss of \$171 million would be largest loss of federal loan money since the 2011 failure of solar panel maker Solyndra. That company's collapse, which came despite a \$528 million loan from the Energy Department, has triggered GOP criticism of the Obama administration's green energy program.

President Obama toured Solyndra, a solar panel manufacturer in Fremont, Calif., in May 2010. There were signs that the company's business plan was imploding. Credit... Luke Sharrett/The New York Times

Solyndra was the first company to get federal loan guarantees under a program that was created in 2005 and expanded by President Barack Obama's 2009 economic stimulus package. The company's failure soon after receiving the loan guarantee likely will cost taxpayers more than \$500 million.

EXCLUSIVE | The Obama White House tried to rush federal reviewers for a decision on a nearly half-billion-dollar loan to the solar-panel manufacturer Solyndra so Vice President Biden could ...
