I'm really curious if anybody has used 16V with Humminbird Apex, Solix, Mega Live, and Mega 360 to know if there was actually any discernible difference. As I also understand it, you would need new chargers for the 16V Lithium Batteries since the 12V Lithium chargers wouldn't work with them.

Dakota lithium batteries are changing the game for me! I'm running a 12 volt 54 amp hour for my 55 pound thrust Minn Kota trolling motor and a 12 volt 10 amp hour for my Humminbird Helix 7 side imaging fish finder. I no longer worry about losing power on the water! So far the longest I've run was for about 6 hours with the trolling motor ...
