

# Invt power system

Who is invt power?

Start Chat! INVT Power is a leading UPS (uninterruptible power supply) OEM/ODM manufacturer from China, if you need modular UPS, tower UPS, rack UPS, integrated data center solutions, precision air conditioners, we provide factory price and premium services for you.

Who is invt power system (Shenzhen)?

INVT Power System (Shenzhen) Co., Ltd. | 7,046 followers on LinkedIn. We are a China manufacturer and focus on UPS, Precision Cooling Systems, and Modular Data Center (MDC) Solutions. | INVT Power System (Shenzhen) Co., Ltd (INVT Power for short) is a leading OEM/ODM modular UPS and data center energy solution manufacturer from China.

What is invt power factory?

Factory Introduction INVT Power factory has an area of 40,000m<sup>2</sup>; and a design production capacity of 2.5 billion RMB (360 million USD), factory employees are over 7000.

Who is invt electric?

Main Activities: Instruments and Related Products Manufacturing for Measuring, Displaying, and Controlling Industrial Process Variables | Electrical Equipment Manufacturing Shenzhen INVT Electric Co., Ltd., founded in 2002, is a professional manufacturer of AC drives and automation products in Shenzhen, China.

What are the advantages of invt ups?

INVT UPS has the characteristics of high density and modularity, high reliability and availability, flexible configuration and rapid deployment, easy installation and green energy saving, and intelligent monitoring.

RM Series Modular Online UPS 20-200kVA (380V/400V/415V) The series Modular Online UPS is high reliability product for small and medium data center. It's the first generation UPS of INVT Power, it provides 60kVA, 120kVA, 200kVA for choosing. Modular IGBT design and isolated air channel ensured the wide adaptable of harsh environment. The series Modular Online UPS is ...

HR11 Series Rack Online UPS 1-10kVA (220V/230V/240V) The series 1:1 Rack Online UPS is the ideal choice for small data center. It supports in-built battery. And the 6kVA and 10kVA rack UPS of this series apply the advanced 3 level of technology, compatible with complicated load. The series has 1kVA, 2kVA, 3kVA, 6kVA, 10 kVA can be chosen. The series 1:1 Rack Online UPS ...

UPS Power System Manufacturer China | INVT Power Download INVT Power is a leading UPS (uninterruptible power supply) OEM/ODM manufacturer from China, if you need modular UPS, tower UPS, rack UPS, integrated data center solutions, precision air conditioners, we provide factory price and premium services for you.

## Invt power system

As an A-share listed company in Shenzhen Stock Exchange since 2010, INVT now owns 12 subsidiaries focusing on the development of advanced technologies in power electronics, electric drive, automatic control, information technology, etc. INVT's RM300 modular UPS products ensure safe and reliable power supply for Suzhou INVT Industrial Park.

UPS Power System Manufacturer China|INVT Power\_INVT Power is a leading UPS(uninterruptible power supply) OEM/ODM manufacturer from China, if you need modular UPS, tower UPS, rack UPS, integrated data center solutions, precision air conditioners, we provide factory price and premium services for you.

INVT owns advanced power supply technologies including DSP intelligent control system, fully digital parallel technique, fully IGBT technology UPS, advanced protection technique, etc. INVT established the most powerful R& D platform for power supply development in China.

Inverter Large Room Precision Cooling System(25-120kW) It's modular design, fast and flexible assembly on site without cutting copper tubing, support 100% front maintenance, support web access and email notice, can adapt to outdoor 55° high temperature, the 10-inch touch color LCD can meet the 30-day temperature and humidity curve and data display.

HT33 Series Tower Online UPS 10-40kVA (380V/400V/415V) The series Tower Online UPS for small load scenarios, and widely used in office, health care equipment and the mall. It has 10kVA, 15kVA, 20kVA, 30kVA, 40kVA can be chosen, and supports 8 units parallel. Otherwise, the 20kVA and 30kVA product can also be used in industrial site, such as ceramic factories, glass ...

iSmart Series Micro Data Center Solution Also known as the mini data center, single cabinet capacity 3-7kVA. footprint is 0.72m<sup>2</sup>. INVT iSmart can be used in offices, the noise level is around 55dB after the door is closed, equivalent to a quiet office, does not affect work at all. All equipment is pre-installed and pre-commissioned in the factory, you can put into use directly. iSmart ...

HR33 Series Rack Online UPS 30-40kVA (380V/400V/415V) The HR33 Series Rack-mounted Online UPS adopts online double conversion design, based on DSP full digital control, to provide a stable and uninterrupted power supply for important loads, which can eliminate surges, instantaneous high voltage, instantaneous low voltage, and "Power pollution"; such as wire ...

In the next decade, INVT will continue to take "Sincere Virtuous, Professional Aspiring" as our business philosophy, enhance core business sectors including industrial automation, electric vehicle, network

## Invt power system

power and rail transit based on the three major technologies in industry automation and energy power fields, and strive to become a leading ...

IDC(Internet Data Center), network, servers and workstations, control system, communication system, office, PC etc. Features. Wide range of input voltage while input PF>97%. Output PF of 0.9,more powerful load capability. Full protection of overvoltage, circuit short and over temperature. LCD/LED display, monitoring all the operation status

iTalent Series Modular Data Center Solution Support 6-50 cabinets, capacity up to 600kW. It applies to large indoor data centers, Adopts modular design, reliability up to 99.999%, average annual PUE=1.30, and supports automatic control and intelligent operation and maintenance. No need for professional machine room, can be installed directly on the concrete floor of the building.

INVT GITEX GLOBAL 2024 Day 4 Live Coverage 2024-10-17. Day 4 of GITEX GLOBAL 2024, and the excitement is far from over! Meet INVT at booth H21-12, and discuss the advantages and role of INVT Data Center Solutions in addressing computing power infrastructure needs. View ...

HT33 series three phase UPS offers advanced technology that increase performance and reliability: three high speed DSPs with completed digital control fully ensure high quality of ...

Rack Precision Cooling System(3.7-12.5kW) In-row Precision Cooling System(12.5-60kW) Chilled Water In-row Precision Cooling System(25-80kW) Inverter Small Room Precision Cooling System(5.5-32kW) Inverter Large Room Precision Cooling System(25-120kW) Energy Storage System Cooling(7.5-20.5kW) Inverter Energy Storage System Liquid Cooling(5-15kW)

INVT Power System Power Solution Specialist INVT POWER SYSTEM (SHENZHEN) CO.,LTD Stock code : 002334. Suzhou Industrial park Fuyong production base Shenzhen Industrial park INVT Power, a key high-tech company, subsidiary company of INVT Group (Stock code: 002334), is ...

Precision Cooling System UPS Power System Manufacturer China|INVT Power INVT precision cooling system family includes rack air conditioner, In-row cooling, room precision cooling system, fluorine pump free cooling, and water cooling solution. Providing efficient cooling, creating an intelligent temperature control in modular data center solutions, large-scale server rooms, ...

The main function of HRC11 1-3kVA Rack Online UPS is to convert AC mains power into pure sinusoidal power output, while the battery serves as a backup power source. Once the mains power fails, the battery will continue to supply power to the backend to ensure the load does not lose power within a certain period.

RM Series Modular Online UPS 10-90kVA (380V/400V/415V) The series Rack-Mounted Modular Online UPS is high space-saving product for small and medium data center. It has 90kVA, 60kVA, 45kVA, 40kVA, 30kVA, 20kVA can be chosen, The power module is 2U height, compatible with 19"standard rack cabinet.

## Invt power system

The UPS can be configured to 3:1, 3:1 and 1:1. saving more than ...

INVT Power is a leading UPS(uninterruptible power supply) OEM/ODM manufacturer from China, if you need modular UPS, tower UPS, rack UPS, integrated data center solutions, precision air conditioners, we provide factory price and premium services for you. ... (25KW-120KW) VCE Series Energy Storage System Cooling(7.5-20.5kW) Modular Online UPS. RM ...

UPS Power System Manufacturer China|INVT Power Search\_Product INVT Power is a leading UPS(uninterruptible power supply) OEM/ODM manufacturer from China, if you need modular UPS, tower UPS, rack UPS, integrated data center solutions, precision air conditioners, we provide factory price and premium services for you. ...

In-row Precision Cooling System(12.5-60kW) Especially suitable for modular or container data centers. The series precision cooling system is configured high-efficiency variable frequency compressor, EC backward inclined centrifugal fan, and full variable frequency design, It's usually installed side by side with the server cabinet, creating an ideal operating environment for the ...

The series Rack-Mounted Modular Online UPS is high space-saving product for small and medium data center. It has 90kVA, 60kVA, 45kVA, 40kVA, 30kVA, 20kVA can be chosen, The power module is 2U height, compatible with 19"standard rack cabinet.

INVT Power ensures high quality products and fast response to our customers by applying advanced Supply Chain Management System based on Quality Control Management, Delivery Management, Service and Strategic Control System. INVT applies Standardized Operational System. We standardize the operational process for production, ensuring effectiveness,

For INVT Power, the Fuyong factory is mainly responsible for the production, manufacture, and delivery of the uninterruptible power supplies(UPS), and data center network power products, which include integrated modular data center solutions, precision cooling systems, and energy storage cooling system.
