Who is Cairns solar energy?

A Local Cairns Solar Energy Expert and Supplier. Watch Our Intro! As a local and trusted Cairns based solar company, the team and I are proud to have delivered the best solar energy service to our customers over the past 10 years.

Where can I find reliable and affordable solar power solutions in Cairns?

If you're looking for reliable and affordable solar power solutions in the Cairns region, look no further. Go Green Energy, trusted solar installers in Cairns, specialise in solar installations and energy storage solutions for homes and businesses.

Why should you get solar panels in Cairns?

There are many benefits to getting solar panels in Cairns. But it is important that these renewable energy systems can meet your energy requirements effectively. When you get in touch with our team of experts, expect nothing less than high-quality services.

Who makes solar panels in Cairns?

All our products are from top manufacturers in the industry such as Jinko, Canadian, Qcell, LG, REC, Risen, Seraphim, SMA sunny boy, Fronius, Sungrow, Goodwe etc. Our range of packages start from a 6.6 kW, 7.7kW, 11.1kW and 13.2kW solar system for Cairns households. These systems are advanced and can help save on electricity bills.

How much solar power does Cairns get?

Cairns gets approximately 5 to 7 hours of exposure to the sun's radiation. The long exposure is ideal for generating enough solar power to meet a residential or a commercial space's energy requirements. A regular 6.6 kW solar power system can harness 25kW to 28kW of power every day.
