

The SparkFun Adjustable LiPo Charger is a single-cell lithium polymer (LiPo) and lithium ion battery charger. Because it's adjustable, this charger will be able to safely charge all of our single-cell batteries.! SparkFun Adjustable LiPo Charger PRT-14380 . \$13.50. 4 ...

Hello, [BeBallPlayers I bought the Lithium Ion Battery - 2Ah (PRT - 13855 ROHS) from SparkFun to power my Arduino project. The battery is new and has not been used before. I followed the dataset instructions and connected the battery to a LiPo charger. However, the battery does not seem to charge fully. The charger LED indicates that the battery is fully ...

This handy kit includes both our USB charger and an 850mAh LiPo battery.. The USB LiPo Charger is a basic charging circuit that allows you to charge 3.7V LiPo cells at a rate of 500mA or 100mA per hour.

PRT-13851 - 3.7 V Lithium-Ion Battery Rechargeable (Secondary) 400mAh from SparkFun Electronics. Pricing and Availability on millions of electronic components from Digi-Key ...

SparkFun will be closed on Tuesday, November 5th to support our team in being able to go out and vote! Orders placed after 2 pm MT Monday, November 4th will ship on Wednesday, November 6th. ... Lithium Ion Battery - 1000mAh 7.4v. ...

I want to use a cheap 3.3V regulator in my project that uses an LIR2450 3.6V lithium ion coin cell battery. I noticed there are many buck/boost +3.3V switching regulators specifically for lithium ion batteries. I would prefer using an LDO linear 3.3V regulator for the lower cost and not having to use many external components. Is there a problem with using this type ...

This is an extremely tiny and light weight battery based on the new Polymer Lithium Ion chemistry. This is the highest energy density currently in producti. ×. SparkFun will be closed on Tuesday, November 5th to support our team in being able to go out and vote! Orders placed after 2 pm MT Monday, November 4th will ship on Wednesday, November 6th.

The SparkFun Adjustable LiPo Charger is a single-cell lithium polymer (LiPo) and lithium ion battery charger. Because it's adjustable, this charger will be able to safely charge all of our singe-cell batteries.

Lithium Ion Battery - 2200mAh 7.4v Product Help and Resources. Tutorials ; Skills Needed ; Battery Technologies February 6, 2013 ... actually we bought them from a re seller that was supposed to buy from sparkfun, However is not the same battery above. Well, it is my case, The batteries was bought several months ago(8 months approximately ...

Lithium ion battery sparkfun

This is an extremely tiny and light weight battery based on the new Polymer Lithium Ion chemistry. This is the highest energy density currently in production. Each cells outputs a nominal 3.7V at 20mAh. ... (from electronic goldmine) and Sparkfun's LiPo Charger Basic. I used a momentary switch to cut down usage and heat. It will be noticeably ...

PRT-18286 - 3.7 V Lithium-Ion Battery Rechargeable (Secondary) 1.25Ah from SparkFun Electronics. Pricing and Availability on millions of electronic components from Digi-Key ...

These are very slim, extremely light weight batteries based on the new Polymer Lithium Ion chemistry. This is the highest energy density currently in produ Lithium Ion Battery - 850mAh - PRT-00341 - SparkFun Electronics

SparkFun carries a variety of 3.7V Lithium Polymer batteries - many of which are listed below. The capacity of the battery you choose will depend on the intended run time of your project, size constraints, and other factors. ... Lithium Ion Battery - 1500mAh (IEC62133 Certified) PRT-26059

My Low Current Lithium Ion Battery Pack ([TOL-15204) is borked, and I'm trying to figure out why before deciding to buy a new one or get something else. Brief description of symptoms: During the first charge right out of the box at 5 V, I noticed the battery pack was drawing 2 A. After a small popping noise, the charge LED went out, and now the output is ...

Lithium ion rechargeable batteries with lithium cobalt oxide cathodes and graphite anodes 1. Charge characteristics; 2. Discharge characteristics; 3. Storage characteristics; 4. Discharge characteristics at GSM pulse mode 2-5-2 Graphite (US18650GR) Lithium ion rechargeable batteries with lithium cobalt oxide cathodes and graphite anodes 1.

The minimum LiPo battery that SparkFun has available currently that is compatible at this rate that you can safely charge is 850mAh. Other larger single cell LiPo batteries can also be charged at this rate. ... (LiPo) and lithium ion battery charger. Because it's adjustable, this charger will be able to safely charge all of our singe-cell ...

The battery has three cells and outputs 11.1V storing 1500mAh of charge. Because this is a triple cell battery pack, a special charger is needed. This battery is not compatible with single cell chargers. A compatible charger is listed below. Note: Due to shipping restrictions, only two batteries can be shipped together at one time. We should be ...

The minimum LiPo battery that SparkFun has available currently that is compatible at this rate that you can safely charge is 850mAh. Other larger single cell LiPo batteries can also be charged at this rate. ... (LiPo) and lithium ion ...

A continuous trickle charge would cause plating of metallic lithium, and this could compromise safety. To

Lithium ion battery sparkfun

minimize stress, keep the lithium-ion battery at the 4.20V/cell peak voltage as short a time as possible. Once the charge is terminated, the battery voltage begins to drop, and this eases the voltage stress.

SparkFun Battery Babysitter - LiPo Battery Manager PRT-13777 \$21.50. 11. Favorited Favorite 83. Wish List! SparkFun LiPo Charger Basic - Micro-B PRT-10217 . \$9.95. 27. Favorited Favorite 61. Wish List ...
Lithium Ion Battery - 18650 Cell (2600mAh, Solder Tab) PRT-13189

SparkFun Battery Babysitter - LiPo Battery Manager PRT-13777 \$21.50. 11. Favorited Favorite 83. Wish List! LiPower - Boost Converter PRT-10255 . \$17.50. 5. Favorited Favorite 33. Wish List! SparkFun LiPo Charger Basic - Micro-B ... Lithium Ion Battery - 18650 Cell (2600mAh, Solder Tab) PRT-13189

This is the same 18650 Lithium Ion Cell that you know and love, but now includes pre-attached solder tabs! These round high capacity cells have been mainly Lithium Ion Battery - 18650 Cell (2600mAh, Solder Tab) - PRT-13189 - SparkFun Electronics

The SparkFun Adjustable LiPo Charger is a single-cell lithium polymer (LiPo) and lithium ion battery charger. Because it's adjustable, this charger will be able to safely charge all of our single-cell batteries. ... But Sparkfun does sell a 2Ah ...

This is an extremely tiny and light weight battery based on the new Polymer Lithium Ion chemistry. ×. SparkFun will be closed on Tuesday, November 5th to support our team in being able to go out and vote! Orders placed after 2 pm MT Monday, November 4th will ship on Wednesday, November 6th. Thanks for your patience and understanding. ...
