Battery Energy Storage System (BESS) is one of Distribution's strategic programmes/technology. It is aimed at diversifying the generation energy mix, by pursuing a low-carbon future to reduce the impact on the environment. BESS is a giant step in the right direction to support the Just Energy Transition (JET) programme for boosting green energy as a renewable alternative source.

When the scroll is scribed, is it what they write that makes it magic, or how they write it? Writing runes is common, but what if the actual secret is in the ink, or the parchment? Perhaps the scroll itself needs a final
