

Fundamenteel beter. Met hun unieke ontwerp zijn SunPower Maxeon-zonnepanelen anders. En met meer dan 5 generaties cellen, 3,5 miljard cellen en meer dan 30 miljoen panelen leveren ze bewezen betere prestaties, zelfs in de zwaarste omstandigheden.

The flagship Maxeon solar panel is designed to be different and proven to be better across more than five cell generations, 3.5 billion cells and 30 million panels, even in the harshest of conditions. Conventional solar cells lose power over time because of corrosion and breakage.

SunPower Performance 7 solar panels feature the latest generation of Maxeon's patented TOPCon cell technology in a shingled-cell design. This innovative architecture offers significant advantages in power, efficiency, reliability, and aesthetics.

SunPower Maxeon panels deliver more energy for your money and greater certainty for you. A Safer Investment SunPower Maxeon panels perform better and last longer in unpredictable weather and all climates.

More Lifetime Energy. As the most efficient panel in the solar industry 1, SunPower Maxeon panels generate more energy from the available space on your roof than conventional panels. And higher efficiency panels mean more energy--and more savings--over time.

Maxeon Solar Technologies designs, manufactures and sells advanced SunPower and Maxeon branded solar panels to customers in more than 100 countries worldwide, through a global network of more than 1,700 sales and installation partners.

Maxeon, taking its name from our well-established solar cell solution, will focus on scaling its panel technology, while SunPower will become a pure-play distributed solar, storage and energy services company.

Maxeon and SunPower are cooperating to develop and commercialize next generation solar panel technologies, with early stage research conducted by SunPower's Silicon Valley-based research and development group, and deployment-focused innovation and scale-up carried out by Maxeon.

Maxeon Solar - Different and better than conventional solar. For almost 40 years, Maxeon has been the global leader in solar innovation, developing leading-edge technology to deliver the best solar energy products and the best customer experience. Following our spin-off from SunPower Corporation in 2020, we took on a new name but kept the same ...

Maxeon Solar Technologies, Ltd. is a Singapore -based company that designs and manufactures photovoltaic panels. The company was previously a division of the American company SunPower. Maxeon was spun off

## Maxeon sunpower

from SunPower in August 2020.
