## MerCruiser power steering system

battery Power Steering Module Primer Kit 91-895040K01 5547 Bleeds the power steering system without running the engine. 3.

Re: MerCruiser - Power Steering Problem All, Come to find out it was the cable that was bad and not a hydraulic issue at all. It was when I pulled the cable pin off of the actuator to remove it (the actuator) and moved the steering wheel to bring the cable close in to remove the actuator that I discovered that the issue was there even when the cable was disconnected ...

Non power assist steering = No power pump and/or power steering cylinder (no MerCruiser cylinder on board, no power pump) requires manual Hydraulic cylinder # HC5332. This means that all that you will have is a helm pump (at the steering wheel), two steering lines, going to a steering cylinder attached directly to the outdrive (HC5332).

Parts for MerCruiser 5.7L GM 350 V-8 1988-1995 Power Steering Components (Cast Mounting Bracket)
