

How many solar companies are MNRE approved?

In the first list of ALMM, there were only 23 solar companies that got approval. From an initial 23 manufacturers adding up to 8200 MW of total capacity, the list today has expanded to 78 manufacturers with a capacity of over 22,000 MW. With this latest revision, the number of MNRE-approved solar companies has been reduced from 82 to 78.

How many domestic module manufacturers are included in MNRE list?

As of the latest order (24 Jan 2024), 78 domestic module manufacturers with a cumulative capacity of over 22000 MW have been included. The government plans to release List II but there is no timeline for the same. For the latest updates & updated list visit www.mnre.gov.in or www.solarrooftop.gov.in.

How many solar companies have been approved by almm?

The latest list of ALMM was updated on the 24th of Jan 2024. This is the 14th revision since it was first introduced. In the first list of ALMM, there were only 23 solar companies that got approval.

Where is solar lighting used?

Solar lighting system is mostly used in Rural areas, Small shops, Gardens, security posts & non-electrified areas. We are ISO 9001:2015 certified & MSME registered company. We are also channel partner under the Ministry of New and Renewable Energy (MNRE), Government of India.

Should solar projects be based on almm-listed companies?

The government had earlier mandated that all solar projects bidding after April 10 under central government schemes would have to use equipment from ALMM-listed entities. The list currently includes only module-makers with a manufacturing base in the country.
