

While California continues to lead the nation in Home Solar Power installations and jobs utility regulators are taking steps that might hurt the industry. Here is an article from Matthew Herper of Forbes discussing some of these issues:

mySolar - Solar Panel Roof Installation - Installed for \$0 upfront - Immediate reduction in monthly electricity bills - Free no obligation Home Solar Power evaluation.

We make it easy for you to get a home solar power installation for your home in Santa Barbara California. We have had many homes in your area qualify for \$0 down installations!
