

Northwest solar energy llc

What is Northwest Electric & Solar LLC?

Northwest Electric and Solar LLC is a full-service Washington State commercial and residential electrical contracting company founded in 2011. They are a turnkey renewable energy installer, specializing in solar photovoltaics (PV), battery backup, smart electrical panels, and EV charging to help their customers achieve energy independence goals.

How can I contact Northwest Electric & Solar?

Contact Northwest Electric & Solar at 18001 73rd Ave NE, Kenmore, WA 98028 or call them at (206) 356-0601. You can also email them at derek@nwsolar.com.

What makes northwest renewables different from other solar companies?

Unlike most solar energy companies in our region, Northwest Renewables is locally owned and operated. Our founders and employees live and work in the same neighborhoods as you. This means we're here to care for your investment and make sure your system stays up and running, even when the unexpected happens.

Why did you become a solar installer at Northwest Electric & Solar?

I am from Seattle, Washington. I chose to work as a solar installer at Northwest Electric and Solar because I wanted to learn about electricity. Outside of work, I like camping, hiking, exploring, metal fabrication, and working on cars. My favorite thing about working at NWES is that my co-workers are awesome!

What does Northwest Electric & Solar excel at?

Northwest Electric & Solar is a locally owned company that I really like. That's what I value most about them.

What if you could have a superpower at Northwest Electric & Solar?

An employee at Northwest Electric & Solar from Kenmore, WA, enjoys drawing, painting, and riding a fixed-gear bike. They find the people here great to work with. If they could have a superpower, it would be Omni-Man's power. They dream of a solar installation on the water, powering an underwater headquarters.
