

## Nova solar company

Who is Nova solar?

Our mission at Nova Solar is to create sustainable, and cost effective energy solutions to help minimize financial, and environmental burdens on our communities. With over fifteen years of experience in solar technologies and installations, we strive to bring the best value for top-quality service in the Northern Virginia, DC and Maryland areas.

What services does Nova solar offer?

Nova Solar installs solar systems of all varieties- pitched roof,flat roof,ground mount,commercial,and residential. Through our partners we also offer roofing and tree removal services. Other services we offer include generator installations,system servicing,and solar system takedown/reinstalls. We are licensed in DC,MD,and VA.

Is Nova solar a good company?

Throughout the process Nova Solar was excellent. All of their staff were knowledgeable,easy to work with,and always provide quick responses. They provided detailed and timely answers to our many questions about installing panels on our home. The permits and installation went smoothly. Our house has a four sided roof including some shading issues.

How did Nova solar work with Dominion Energy?

Nova Solar worked with us to provide all the necessary information and reconfiguration to get the approval. They managed all the building and electrical permits and all the necessary inspections. Once the panels and system were set up,they kept us advised on the status of Dominion Energy getting us connected.

How can Nova solar achieve a good price?

Nova Solar often gets asked how it's possible for us to achieve the prices we do given the high-quality of the equipment we use. The answer is a fanatical dedication to operational efficiency. We have no dedicated sales staff and our advertising expenses are virtually nonexistent.

Do you recommend Nova solar?
