

Onward energy

As an owner and operator of wind, solar, and gas-fired generation resources across the U.S., Onward is committed to a reliable, affordable, equitable, and efficient energy transition. We are leading the energy transition with intentionality and best practices.

As an owner and operator of wind, solar, and gas-fired generation resources across the U.S., Onward Energy is committed to a reliable, affordable, equitable, and efficient energy transition. We are leading the energy transition with intentionality and best practices.

We provide both zero-carbon renewable energy, as well as low-carbon gas projects that facilitate higher penetration of renewable power. As a premier Independent Power Producer, we generate power for our country's leading utilities, co-ops, end-users, and community choice aggregations.

The acquisition of Griffith will bring Onward Energy's portfolio of operating thermal, and renewable energy generation to over 6.7 GW across the U.S. Orrick, Herrington and Sutcliffe LLP served as legal advisor for Onward Energy and ...
