

Oslo energy storage vehicle 24-hour service

Does Oslo support charging stations for electric trucks & buses?

The city of Oslo has launched a grant scheme to support the installation of charging stations for electric trucks and buses in the Norwegian capital. The first round of funding through the 'Climate and Energy Fund' sees Oslo carrying up to 80 per cent of installation costs. ++This article has been updated. Kindly continue reading below. ++

Will electric cars be allowed in Oslo?

The Oslo City Council plans to create a zero emissions zone in the center of the city where only electric vehicles will be permitted, a policy initiative that will encourage people to buy electric cars. In coming years, that zone will be expanded to cover more of the city.

How many electric cars are there in Oslo?

This is evident in the fact that nine out of 10 cars sold so far in 2022 have been electric. So, they are in every corner, on every street, they are everywhere. And, with 32 per cent of the city's total car fleet being electric, this means that there's now more electric cars than gasoline cars in Oslo, and that's fantastic.
