Outdoor solar lighting has been around since the 1980s, but in recent years it has really taken off. Homeowners and property managers are consistently choosing solar lights over electric or gas lighting for three key reasons: Solar lights are eco-friendly, cost-efficient, and easy to install.

For an affordable lighting option that adds ambiance to your outdoor space, we recommend the 33-foot-long Brightown Outdoor Solar string lights. Available in seven colors (we tested white), these fairy lights survived all of our durability tests and were easy to install, with only two stakes needed for the solar panels.
