

# Outdoor power system

Where can I buy outdoor power equipment?

Choose from outdoor power equipment in stock and available at your local store. Visit our Lawn & Garden Equipment Rental Center for a large selection of equipment to power your next project or event. Get up to speed on key features and benefits to look for in lawn mowers, tillers, trimmers, pressure washers and more.

How do I Choose an outdoor power equipment system?

However, choosing an outdoor power equipment system can be confusing. If you are invested in a Milwaukee, Makita, Ryobi, or DeWalt battery platform, then it makes a lot of sense to go with those outdoor tools, as the same battery that powers your cordless drill, will run your blower.

Why do you need outdoor power equipment?

The right outdoor power equipment makes yard work much easier and less time consuming. Whether you need generators to power up your job site, gas lawn mowers or battery lawn mowers for your yard, or electric snow blowers to clear your driveway, we've got lots of outdoor power equipment options.

Where can I rent outdoor power equipment?

You can rent the outdoor power equipment you need from your local Home Depot Tool Rental Center. With the right outdoor power equipment from The Home Depot, you'll be powering up your projects in no time. Shop Outdoor Power Equipment and more at The Home Depot. We offer free delivery, in-store and curbside pick-up for most items.

How does Corded outdoor power equipment work?

Corded equipment uses electricity for consistent power. Interchangeable batteries work among a variety of tool sets to provide freedom and versatility for outdoor projects. Online orders filled fast at any store. Choose from outdoor power equipment in stock and available at your local store.

Which outdoor power tools should I buy?

If you are invested in a Milwaukee, Makita, Ryobi, or DeWalt battery platform, then it makes a lot of sense to go with those outdoor tools, as the same battery that powers your cordless drill, will run your blower. If you are starting fresh, then use our guide to help select the best outdoor power tools for your yard.

How do you power outdoor speakers? In terms of power, speakers can be divided into two groups: active and passive. Active speakers have a built-in amplifier that actively powers the speaker, so they don't need anything else. Passive speakers lack this built-in amp and thus require an external speaker amplifier or AV receiver as a source of power.
