Testing Solar Power Banks. I left solar power banks from BioLite, Blavor, 4Patriots, and Hiluckey on my patio for four days to see how well they charged. None of them (except one) got past the first blue blinking dot. Even when I propped up the solar power banks at the same angle as some of the best portable solar panels, it never amounted to much.

Solar power banks are becoming increasingly popular as people look for ways to charge their devices on the go. These portable chargers are powered by solar panels, making them a great option for outdoor activities and traveling. However, some people may be unsure of how to properly charge a solar power bank, which can lead to frustration and a dead battery when it's ...
