Signatories" commitment "As institutional investors, we have a duty to act in the best long-term interests of our beneficiaries. In this fiduciary role, we believe that environmental, social, and corporate governance (ESG) issues can affect the performance of investment portfolios (to varying degrees across companies, sectors, regions, asset classes and through time).

The PRI, the World Bank, and Chronos are working to produce toolkits intended to support government policy makers and regulators in implementing foundational reforms to build a sustainable financial system. These reforms are aimed at shifting the regulatory baseline to better support the goals of the Paris Agreement on climate change and the ...

The PRI's new strategic plan responds to the changing world around us and how we will support progress in ways that acknowledge our diverse signatory base. It reflects our steadfast commitment to deliver the mission and continues our signatory-centric approach centred around our six Principles .

PRI's The World is your world revealed. It's about the events, trends, and personal tales that connect us around the globe. To be eligible for the PRI Awards, organisations had to be a PRI signatory, although we welcomed nominations of collaborative projects where at least 50% of participants were PRI signatories, and where the person submitting the entry represented a signatory organisation. Terms and conditions . Please see updated Terms and Conditions.

When I joined the PRI last year, I saw the launch of the PRI in a Changing World signatory consultation as a very well-timed opportunity. Over three months I led 19 workshops with around 400 signatories in 10 countries. I have been involved with the PRI for a long time, but I have never had the opportunity to interact personally with so many of our signatories.

The PRI's 2021 Annual Report sets out how our work over the past year contributes to the goals of our 10-year Blueprint for responsible investment. ... Increasingly however, our signatories are recognising that the real-world sustainability outcomes they contribute to shaping through their investment activities feed back into the financial ...
