Puredrive Battery Details. 10 year Warranty. 5kW & 10kW Capacity Options. 10 year, 10,000 cycles warranty. Puredrive battery datasheet. Puredrive company web site. About Puredrive Puredrive Energy Ltd is a British company that designs, develops, builds and distributes its own products. With UK assembly of its products it is ideally placed to ...

Puredrive is a British company that designs, develops, builds and distributes energy storage systems for a wide range of clients. Puredrive are dedicated to delivering a greener, more sustainable energy source to help enrich our lives. ... The Puredrive Purestorage II 5kW battery storage system is AC connected and provides the perfect solution ...

Below are the key technical specifications of the Going Solar's Puredrive Battery, explained in simple terms. Battery type. The Puredrive uses a Lithium-ion-phosphate (LiFePo4) battery, which is known for its safety, durability, and longer lifespan compared to regular lithium-ion batteries. Lithium-ion-phosphate (LiFePo4) Charging and discharging

Share this article: Share via Email. Solis Hybrid Inverter (S5-EH1P(3-6)K-L or RHI-(3-6)K-48ES-5G) and Puredrive Battery Installation. In this video, Ben Curry from Electrical Innovations Ltd in Derby will walk you through the step-by-step installation of the Solis Single Phase Hybrid inverter alongside three Puredrive 5kWh batteries.

Puredrive's PureStorage II DC 5kWh battery utilises reliable and high performing lithium-ion-phosphate battery cells and is designed to work with leading inverters from Solis, Victron and Imeon. The system uses

## Puredrive battery

LiFePo4 50V 200Ah battery technology with 10,000 cycles. The PureStorage II DC 5kWh battery has an elegant yet robust design, as its ...

Puredrive support organised a replacement battery to be shipped next day and use the packaging to return the defective battery. All organised by puredrive. Puredrive was going to send a tech to replace the battery, but that would have taken some time, but as I was quite happy to swap it myself it happened very quickly.

With the longest battery life and fastest charge (1C Rated) you get the best return on your investment available. Designed and Developed in the UK Puredrive has a dedicated team in the UK with nearly 100 staff, providing leading R& D, technical and customer support. Smart Automated Management

My puredrive battery has stopped operating properly on the 6th Sept . I called puredrive when I saw the app had stopped reporting for grid and battery usage. I think I called puredrive about a week after noticing this . It took a little while for someone from Puredrive to get back to me on 18th September asking to send pictures of my ct clamps ...

The complexity of how & when to charge, store and consume your energy is now all handled automatically, resulting in the best possible financial savings and maximising the ROI you will achieve. The Puredrive Energy app connects all of our products together. This simplifies set-up time and maintenance.

Puredrive Energy's battery storage system is a fully integrated AC battery system for residential use. It's a British product and uses the safest and highest performing lithium-ion-phosphate battery cells. It provides energy storage for your home and includes a time- based control system.

Most Integrated Battery on the Market At Puredrive, we pride ourselves on having engineered one of the world's most advanced battery systems. Throughout the development of our award-winning battery products, we learned a lot about EV chargers. Early on we recognised the challenges of synchronising EV chargers and battery storage when used ...

Puredrive Energy is the only British manufacturer with an extensive repair network, delivering the best local support across the nation. The PURASystem™ is designed from the ground up to give you the highest return on investment. Everything in the Puredrive Energy ecosystem has been developed to provide a seamless and cost-effective experience.
