I bought forty 240W panels from Santan Solar in January. Have finally gotten around to deploying them and I'm noting dismal output levels when both 20 panel arrays are in full sunlight around noon-1pm.. I'm at 42°17'N latitude. I'm getting about 2kW from the southeast facing array and 1.4kW from...

I had a good experience with SanTan solar - I was a bit hesitant to try used panels but the price is too good to pass up. I ordered 10 of the 250W silver frame (Trina) panels at \$50 each plus about \$250 total shipping with delivery to the local Central freight terminal. The packing was good, and all panels survived the shipment undamaged.
