Review Subject Required ...

Schneider Electric has announced a voluntary recall of its Xantrex GT series single-phase grid-tie solar inverters (60 Hz). The concern is that a component of the inverter can degrade, causing out-gassing within the wiring compartment of the inverter. When arcing occurs, gasses could build and force the compartment cover to be blown off.

Utility grid-tie solar power inverter. The Xantrex Grid Tie Solar Inverter (GT Series) is designed to convert photovoltaic (PV) electricity produced by solar modules into utility-grade power that ...

Conext Series grid-tie solar inverters: The Schneider Electric line of Conext grid-tie solar inverters makes installation and operation of a residential or small commercial grid connected PV system easy and affordable. There are four Schneider Conext inverters available with maximum AC outputs of 2.8kW, 3.3kW, 3.8kW, and 5.0kW. The Conext ...

Purchasing your first solar system can be both exciting and daunting. Consider a grid-tied system to make that initial experience more approachable. Grid-tied systems are not only great for beginners, but often more cost-effective than other types of systems. At the heart of that system is, of course, your grid-tie inverter. In this blog, we will delve into the details of grid-tied ...

Schneider Electric Canada. Discover Solar inverters and solar power solutions from Schneider Electric. Our green solar business provides the complete solution for the solar power conversion chain.

The Xantrex Grid Tie Solar Inverter (GT Series) is designed to convert photovoltaic (PV) electricity produced by solar modules into utility-grade power that can be used by the home or sold to the ...

Schneider Electric India. Discover Solar inverters and solar power solutions from Schneider Electric. Our green solar business provides the complete solution for the solar power conversion chain.
