

Are Sofar solar inverters available in India?

Sofar solar inverters are available in India with the detection accuracy of insulation resistance. They have grid resonance if multiple units are connected besides remote monitoring - WiFi as standard communication, anti-corrosion protection etc.

Who are Sofar solar?

The Sofar Solar division began in 2012 and is now an established global leader in inverters. Their solutions in Australia include solar inverters and solar batteries for residential and commercial use. The inverter ranges run from 3-20kW sizes for residential use. The commercial inverter size range is from 20-300kW capacity.

Is Sofar solar a good brand?

**Trusted Brand:** Sofar solar is among the top 3 inverter manufacturing companies in India and the top 5 in China. A reliable and well-known brand reduces the risk of getting a poor quality model. **#2. Quite Compatible:** The inverters are highly compatible with all kinds of DC set-ups and solar systems, whether it is a single or dual string inverter.

What are the features of Sofar solar inverter?

Sofar solar inverters are equipped with 25-Year data storage capability and standard WiFi communication including below features: Max 97.2% inverter efficiency. Real time precise MPPT algorithm. Free site selection with IP65. Low maintenance Inverters. **#4. Benefits of Sofar Solar Inverter**

Does Sofar solar sell in Australia?

Currently Sofar Solar have limited experience in the Australia market. The inverter brand is reportedly in the top 3 of inverter brands used in India and the top 5 in China, so the company is not as small as its Australian market penetration would initially suggest.

Who makes Sofar solar mass energy solar inverters?

Sofar Solar Mass Energy solar inverters are manufactured by Shenzhen Sofar Solar, which is based in China. The company specializes in the production of solar panels as well as solar inverters. Their inverters range in capacity from 1kW to 7.5kW for residential inverters and 10kW to 70kW for commercial inverters.
