Unfortunately, there is no concrete price tag to turning your Dubai home solar at the moment. The cost depends on a number of factors including the size of the system, the system manufacturer, retailer, and installer. According to DEWA, between 30-50% of the total installation cost is for the PV modules.

The process to add could take anything between a few weeks to several months depending on the size and capacity of the solar equipment in Dubai. First, you have to hire one of the DEWA approved Electrical and DRRG Solar PV Consultants or Contractors. You can find this list on the DEWA website.
