Officials in northeast Kansas are considering a plan to build a large-scale solar farm that would straddle the border of Douglas and Johnson counties. Florida-based energy company NextEra Energy has expressed interest in developing a 3,000-acre solar panel farm, which would be located east and north of Baldwin City.

photo by: Shawn Valverde This site north of Lawrence is the proposed location of the Kansas Sky Energy Center solar project. That is a hard number to count in any part of Douglas County.

LAWRENCE, Kansas -- After almost nine hours of testimony, Douglas County commissioners have approved a conditional use permit for a 600-acre solar project north of town. It is a huge project, with compelling arguments for and against. Farmers and landowners who neighbor the proposed site opposed solar panels occupying the groundwater and nutrient-rich ...
