

## Solar farm companies in florida

I've been contacted by a solar farm company who wants to lease my land for \$2,500 per acre with a 2% yearly increase for a 29-1/2 year lease, and at the end, the option to extend the lease for 5 additional years. The company flat out told me the area is very desirable for them on account of the fact it is close to needed infrastructure for ...

Solar farm companies are said to be in the "utility-scale market" and can be loosely categorized as manufacturers, construction companies and developers. Manufacturers, mostly based in East Asia, make solar panels and other important items like electrical inverters, transformers and racking systems.
