I have a set of two 100w thunderbolt solar power panel briefcases from Harbor Freight, and want to connect them to my EBL Portable Power Station Voyager 1000, 110V/1000W Solar Generator, 999Wh/270000mAh High Lithium Battery.

I've never been much of a fan of solar generators, mostly because they're expensive for what you get in return when compared to DIY setups, I'm slowly changing my view. That said, it's always nice to see a DIY build that reminds me that I'm right sometimes, too. ?

Portable and easy to set up, this reliable, durable solar panel delivers 100 watts of free, clean and quiet energy. Ideal for RVs, cabins, sheds and remote locations. This lightweight, portable solar panel generates renewable energy anytime, anywhere; High efficiency monocrystalline solar cells for maximum output

It is important to note that the solar panels Harbor Freight sells are NOT meant as a home energy solution as they mainly offer 100 Watt panels which are more suited to charging devices or powering small appliances.. Most people that use these set them up as supplemental power for a shed or garage or perhaps as an off-grid solution to help power a few things at a cabin or while ...
