

Using the SurgePad(TM) feature, the power station can power high-wattage devices up to 1600W without overload. SurgePad(TM) automatically turns on when the total output exceeds the rated ...

What's in the Box: Anker SOLIX C800 Portable Power Station, solar charging cable, AC charging cable, car charging cable, digital manual, and 5-year warranty. Some of these items ship sooner than the others. Try again!

Recharge in a Rush: When you need to hit the road, turn on UltraFast charging with the Anker app. Anker SOLIX C800 Plus recharges in just 58 minutes--17% faster than normal. Power Anywhere with Solar: Enjoy unlimited power, even if you're miles away from an outlet. Plug in a solar panel, up to 300W, and recharge to 80% in just 2.3 hours.

Die Solix C800 und Solix C800 Plus sollen je nach Modellversion etwa beim Campen eine besonders gute Figur machen und bringen haltbare Speicherzellen mit. Silvio Werner, Veröffentlicht am 26.02.2024

Anker SOLIX C800 Plus works with most solar panels, but we recommend using Anker SOLIX panels for best compatibility. To charge, just plug your panel into the DC port behind the portable power station. Use the included adapter and charging cables.

Anker Solix C800 Plus Portable Power Station??Anker (????) Japan ?????????????????????? ??????????????????????Anker?????100%?????58?

The Anker SOLIX C800 Plus portable power station has two USB-C ports (One supplying 100W and the other 30W). There are five 110 outlets and a single car charger. As I mentioned above, using my ...

Anker's app version 1.8.2 adds support for two new unreleased power stations under the SOLIX branding, the C800, and C800 Plus As of right now, the only images I could find on the power station are from Good Design Awards. From the looks of it, it uses the same design that is presumably downsized from the C1000. We can also guess, based on the ...
