

In a cardiac emergency, a portable electronic device known as an automated external defibrillator (AED) can be a lifesaver. A defibrillator (Figure (PageIndex{2})) delivers a large charge in a short burst, or a shock, to a person's heart to correct abnormal heart rhythm (an arrhythmia). A heart attack can arise from the onset of fast, irregular beating of the heart--called cardiac or ...

The earliest the wise men could have visited would be a couple of days after Jesus' birth; since the angelic announcement to the shepherds implies that Jesus was born at night, it's highly unlikely that the wise men obtained an audience with Herod, and then with the chief priests and teachers of the law, in the middle of the night.
