City organisation is going to change, or cities will start linking up with others. Tomorrow's leaders will be those who can understand and decipher these changes. Next is renewable energy. We're planning to spend a lot more time looking not at how to store energy, but how to use and reuse it intelligently, for example within a closed-circuit.

Welcome to the forefront of the energy transition in the Baltics and the Nordics. The Baltic & Nordic Energy Summit will be held at Swissotel Tallinn on 12-13 November 2024.
