Conference Planning Committee. TenneSEIA works with a wide range of stakeholders on the Tennessee Valley Solar Conference + Storage. If you are interested please contact Executive Director Gil Hough (865) 789-5482 Email: Gil Hough

Tennessee is a good place to install solar panels due to its strong sunlight throughout the year and decreasing solar module prices. However, the state's lack of significant incentives or tax credits from the legislature and TVA board is a concern.

Currently the North American Board of Certified Energy Practitioners (NABCEP) provides training that includes codes, and it is available via the 2024 Tennessee Solar + Storage Conference. This conference is hosted by the Tennessee Solar Energy Industries Association or TenneSEIA, November 20-21 in Huntsville, Alabama.

Program and will design and implement the Tennessee Solar for All Program. - TDEC OEP will engage TVA's Renewable Programs Team to inform elements of program design. ... o TDEC OEP has joined the Leadership Team for the National Association of State Energy Office's Solar Working Group. Ongoing Efforts o Engagement with EPA Project Officer

There are also benefits directed toward commercial businesses installing solar panels. Some of the commercial solar power incentives in Tennessee include: The Green Energy Property Tax Assessment works in the same way for multiple facility sectors, including residential, commercial, industrial and municipal utilities.
